2019   Score : 64.60%

PROFILE

A passionate full stack developer with hands-on experience in building app & website with various web & app technologies. Curious to learn about new technologies.

PROJECTS

Grievance Management System

Idea:

Traditionally, In college if anyone wants to file a complaint one has to write on a paper and has to wait for the response

Using this system Student and College Admin can come together to solve the issues related to the college.

Student can further categorize the complaint as for **Admission, Exams, Lecture, Timetable, Paper Re-evaluation, Others.**

Each complaint has three Status namely, **In- Process Complaints, Pending Complaints, Closed Complaints** on either side of the User.

The student **gets the notification** whether his complaint is IN-PROCESS or CLOSED by the Department Head.

Area of Responsibility:

Developed Firebase database | authentication | Firebase notifications |

Tech Stack:

DART | FIREBASE | FLUTTER PROVIDER | ANDROID STUDIO

Features:

Login/Signup | Multiple Users - Admin,Sub-admin,Department,Student | Send Complaints | Change Status | Approved Student

Type:

Collaborative project in under development by group of 3 member

----

Music Player

Tech Stack:

NATIVE ANDROID APP USING JAVA | ANDROID STUDIO

Secondary School Certificate

RBSE - Govt. Sec. School, Velangari, Sirohi (Rajasthan)

2017   Score : 66.00%
